

Stock page

Item	Reserve	#n Machine	Min		
Cherry	3 bottles	100 ml	2 bottles		

Different permission levels will get More abilities on a Page.

- 1) store manager can just view data for their store and edit quantity
- 2) Logistics manager can see all stores.
An extra column will populate with where the stock is

name	reserve	machine	min	stock
------	---------	---------	-----	-------

On click allows logistics manager to edit min
+ creates pop up to create a new stock type

Machine page

Name	Status	Last repair	Next repair		

--	--	--	--

on click allows status edit
+ allows new machine creation
